“Agile Trajectories” Lecture – October 15, 2015

About:

**Shawn Rickenbacker** holds a bachelor of Architecture from Syracuse University, a Master of Architecture from the University of Virginia and a Certificate in Interaction Design from NYU. He is a partner at the design firm Rickenbacker + Leung llc founded in 2005, notable for such projects as Re: Vision Dallas and the Renaissance Ballroom redevelopment in New York. He also is cofounder of the technology, data and design consultancy Urban Data + Design, currently working on the design and implementation of ambient and embedded technologies in the physical environment intended to enhance spatial awareness and cognition.

He has taught systemic design approaches at both international and national universities. Shawn is also a faculty member at the University of Pennsylvania Graduate School of Design where he teaches design studios and spatial physical computing.
